## ELECTIVES

### General English

Each week, you spend 12 of your 20 lessons studying Integrated Skills, specifically improving vocabulary, grammar and pronunciation through varied activities that will also engage your 'four skills' of language: speaking, listening, reading and writing. For the other 8 lessons you will study Targeted Skills. These will focus on developing the 'four skills' themselves. Every language learner is different, and this is your opportunity to work on the skills you most need as you progress towards fluency.

### Intensive English

Take an additional 10 Special Focus lessons each week, to progress faster and study within your personal areas of interest. Options will vary across EC schools, but there will always be a wide variety to choose from, such as: Media Studies, Film Studies, Grammar in Real Contexts, Write Now, the Language of Music and many more.

### English in the City and English for Work

These courses combine 20 lessons of General English with one of our 10-lesson Special Focus options, for a complete intensive experience that is tailored to you and your personal reasons for learning. English in the City allows you to get outdoors and learn English while directly experiencing the sights and spirit of London or Malta. Gain the fluency, accuracy and specific communication skills you need to succeed in the workplace on English for Work.
